

# M100-DWQ100

## WIPE ON APPLICATOR

M100-DWQ100 is an easy functioning and fast Print & Apply system. It is in fact a long dispensing beak mounted on a Direct thermal printer. The main advantage lays in its simplicity with no unnecessary moving parts.

The M100-DWQ100 is perfect for batch labelling of boxes that are of the same size and that move at the same speed. It has the reliable, robust and easy to use design as seen on all the Domino family machines.

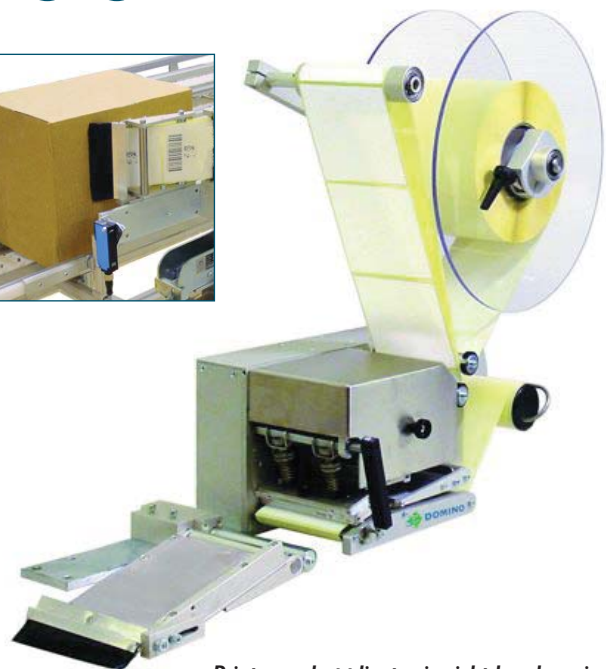

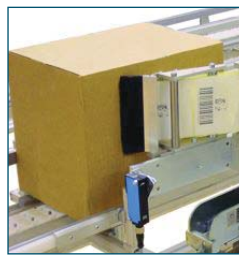

### Technical Data

<b>Type of applicator:</b>	Wipe On
<b>Dispensing beak:</b>	Adjustable 230 - 380 mm
<b>Print speed:</b>	Up to 275 mm/sec
