

M600-TP601

PALLET LABELLING (1 STOP)

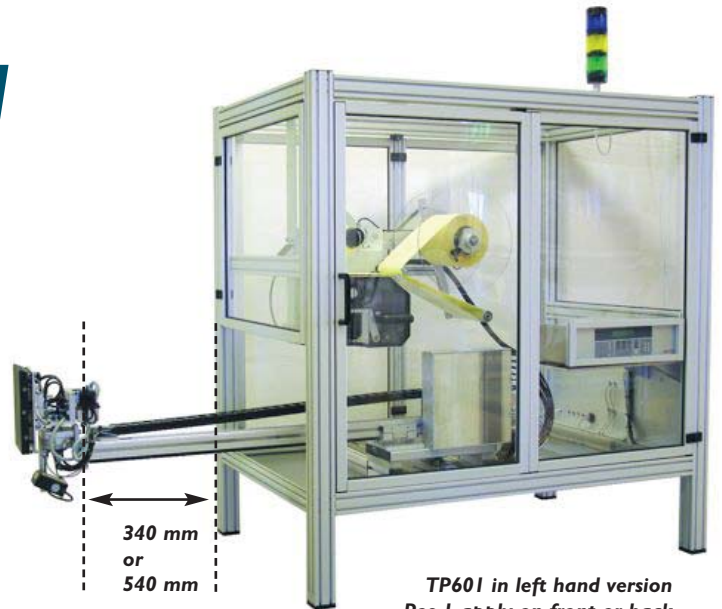

The M600-TP601 is a system for automatic 2-side pallet labelling requiring only one stop of the pallet when labelled on two adjacent sides. The "1-stop" solution makes the machine fast and easy to integrate with your existing pallet /conveyor system!

The M600-TP601 has the reliable, robust and easy to use design as seen on all the Domino family machines. It is proven to give you 24 hours reliable labelling for many years to come even in the most harsh industrial environments!
